EVEXIAS® HEALTH SOLUTIONS

# ACTIVE MICROBE DEFENSE*

- **ACTIVE MICROBE DEFENSE* is a vegetarian dietary supplement that contains a combination of plant extracts that support the body's elimination of unwanted microorganisms while helping to maintain proper immune system and G.I. tract functions.***

- **ACTIVE MICROBE DEFENSE* is designed to support:**
  - ❍ Detoxification and the elimination of unwanted microorganisms*
  - ❍ The Immune System *
  - ❍ The Gastrointestinal Tract*
  - ❍ Healthy Cell Function*

**About the Nutrients:**

- Olive (*Olea europaea*) Leaf Extract, yielding oleuropein, supports immune system functions within the body.* Olive Leaf Extract has been used traditionally to help the body eliminate unwanted microorganisms.*

- Wormwood (*Artemesia annua*) and Pau D'Arco support the healthy functioning of the digestive, respiratory, immune, and circulatory systems.* They help support detoxification within the body and help decrease the levels of unwanted microorganisms within the body.* They also support healthy cell functions and help regulate inflammatory processes within normal ranges.*

- Grapefruit Seed Extract assists the body in maintaining healthy bacteria in the G.I. tract while helping to expel unwanted microorganisms like bacteria, protozoa, viruses, and fungus.*

- Black Cumin (*Nigella sativa*) Seed and Garlic extract (odorless) help support healthy circulatory, G.I. tract, respiratory, immune, and detoxification processes within the body and help eliminate pathogens and parasites from the digestive tract.*

- Black Walnut (*Juglans nigra*) Green Hull supports normal cell function and contains tannins that have an astringent effect on mucosal tissue.*
